Hello, everyone. I am Kawai, the principal.

Karibu! Welcome to Nagai Technical High School!

Thank you for coming all the way from Tanzania.

We welcome you from the bottom of our hearts. We are very happy to meet you today.

I want to thank JICA and Nagai City. Thank you for your great support.

Our school slogan is: "Nagako students, be the headwaters that enrich the community!" Through "monozukuri" and community projects, we want our students to become people who help society.

We have prepared engineering classes and workshops for you. You can also talk with our students.

I hope this program helps your future career.

Let's learn together and build a warm friendship.

I hope this exchange deepens our friendship.

Asante sana. Thank you very much!
